THOR - KAWASAKI - PRO CIRCUIT RACE REPORT

September 1, 2021

Gopher Dunes hosted round 1 and 2 of the 2021 Triple Crown Series this past weekend. With the end of motocross season, teams and riders were excited for supercross season. Riders from across Canada competed in multiple classes on KX65, KX85, KX250/450.

The team traveled from our race shop in Breslau Ontario to Tillsonburg Ontario on Thursday. The team set up the pit area and finished up some bike work for the races. The track layout was great with one side for amateur riders and the other side for professionals.

On Friday, Dylan continued his impressive season where he qualified fastest and won all his heat races and main events in all three classes. He won the 85, supermini, and 250 open. Dylan competed against 250's on his KX112 showing the ability of rider and machine.

Saturday, Dylan continued working on his supercross skills winning both 85, supermini, and 250 open heat races. In the 250 Open final, due to very wet conditions we pulled Dylan off the track to prevent risk of injury.

Darian had a good start on Friday but had several issues on lap one putting him behind where he kept working towards the front and ended up 8th. In the second main event Darian corrected some mistakes getting another good start and finished in 3rd. This put him 4th overall for the day which gave him confidence moving into Saturday and round 2.

Saturday, Darian qualified fastest and had a good race in moto one finishing 2nd and was able find some new lines for moto 2. Here he got the hole shot and finished 1st. With 2-1 moto scores for 1st overall for the day and now just 7 points out of the championship.

Marshal qualified 2nd, had good starts, and went 2-2 in the moto's for 2nd overall on Friday. After the race on Friday, we discussed options to improve both Marshals starts, and bike set up.

Saturday, Marshal achieved better starts and lead some laps looking more comfortable pushing the leader in both moto's. Marshal had 2-2 moto scores finishing 2nd overall. Marshal will do some testing this week and is looking forward to the last rounds to accomplish some wins.

Thank you to Canadian Kawasaki Motors for there continued support of racing programs across Canada. With support from Kawasaki and our marketing partners we were able to provide track side assistance to multiple Kawasaki riders.
